# SPONSORSHIP PACKAGES AND BOOKING FORM

## Conference Details

The Association of Alcohol and other Drug Agencies NT welcomes you to Darwin to partake in our annual drug and alcohol treatment conference for the non-government sector. This year, AADANT has taken on advice from our membership and stakeholders to provide a professional development forum focusing on micro-skills training for the NT AOD Sector.

## Location

This year's forum will take place in Darwin. The Top End has the highest concentration of AOD services and is home to a large portion of the AOD workforce in the NT. AADANT understands the budget constraints services are under to operate, let alone provide professional development opportunities, and has chosen Darwin to continue to grow the conference.

The Hilton Darwin, 32 Mitchell Street, will host AADANT's conference.

## How does your sponsorship help?

Depending on your sponsorship package, you will be helping AADANT to put on our annual AOD Awards Luncheon, contribute towards the cost of expert workshops on topics identified by AADANT membership and provide experts from across the NT and Australia to speak at the forum. AADANT is not fully funded to put on this conference and relies heavily on the support of sponsors and members to be able to provide this professional development opportunity to the NT AOD Sector. As the only annual AOD conference to be held in the NT, AADANT strives to provide opportunities to attend to all NT AOD Sector workers and your sponsorship helps us do that.

## Preliminary Program

This year's program will focus on micro-skills training for the NT AOD workforce, including the following topics:

- Mental health (using an escalation matrix to identify well and unwell mental health in clients presenting to AOD services)
- Human rights for NT residents accessing AOD treatment services and the implications of NT Alcohol legislation on human rights.
- Emerging Drugs of Concern
- Social Emotional Wellbeing (SEWB) models of care
- Working with complex clients
- And others.
